

## WHITE TEA cream

Natural Treatments: WHITE TEA treatment (product code V280, S1-280)

---

### DESCRIPTION

White Tea Cream is a soft, 24h cream, based on natural and precious White Tea extract. It highly moisturizes and gives skin a uniformed complexion. White tea extract is rich in polyphenols, it has a protective effect against free-radicals, therefore it is an important antioxidant and an effective skin repairer against the damages of prolonged sun exposures. Applied after sun exposure, this cream soothes and restores the epidermal tissue. The other important natural ingredients fulfil the effectiveness. White tea cream is aimed for a highly effective day and night care. This valuable compound of natural active agents prevents premature aging.
