

HYDRA Comfort Moisturizing Mask ●●●

Product Line: **Hydra Comfort - Masks** (code V875 - C131)

DESCRIPTION

Gel mask for dehydrated and dull skin. The concentrated blend of active agents gives tissue a velvety and healthy aspect, re-balances the natural level of moisture, supplies suppleness and luminosity. HYDRA Comfort Moisturizing Mask is suited also for young skins as support for preventing precocious skin ageing.

This mask is available in retail size (V875, 50 ml) and cabin size (C131, 250 ml).

MAIN ACTIVE AGENTS

Yeast Extract (*Faex extract*) - It contains many valuable substances like proteins, peptides and amino acids, storage compounds, enzymes and polysaccharides as well as Vitamins of the B group. The Yeast extract used here has a stimulating and activating effect on cell metabolism by means of an increased production of ATP, the most important energy source of the cells. The cell's vitality is improved.

Panthenol - It is provitamin B5 which conditions the skin, improving the texture.

pH: 5,5/6,5

After cleansing and tonifying the skin thoroughly, apply HYDRA Comfort Moisturizing Mask in a thin layer on face and neck, avoiding eyes contour. Allow it to work for 10/15 minutes (in cabin 20 minutes). After that period of time remove any remaining residual of the mask with a wet sponge and rinse with lukewarm water.

SKIN CONDITION

All skin types, particularly suitable for dry and dehydrated skin.

NOTES

HYDRA Comfort Line includes other two *moisturizing* products for a complete and intensive cure: HYDRA Comfort Moisturizing Cream and Moisturizing Serum (to be used in synergy everyday).

**we suggest to use the Moisturizing Mask together with the other two product twice a week.

***Professionally active agents of this mask can penetrate with ionophoresis

Polarity: NEGATIVE, Time: 4/6 minutes

HYDRA Comfort Sensitive Mask ●●●●

Product Line: **Hydra Comfort - Masks** (code V878 - C136)

DESCRIPTION

Soft creamy mask for sensitive skin. Thanks to the presence of high concentrated active agents the product has a soothing and calming effect on all skin types.

This mask is available in retail size (V878, 50 ml) and cabin size (C136, 250 ml).

MAIN ACTIVE AGENTS

Shea Butter (*Butyruspermum Parkii*) - Fat extracted by Karité plant, it helps protect and revitalize damaged skin. It is an intense moisturizer for dry skin, and is a wonderful product for revitalizing dull skin

Rice Bran Oil (*Oriza Sativa*) - With its natural antioxidants and phytosterols is a very potent skin protectant. It is very rich in Vitamins B and natural minerals so its ability to protect the skin against premature aging, dehydration and oxidation, and maintaining Ph balance is exemplary.

Bisabolol - A chamomile ingredient. Anti-inflammatory and soothing.

Purple Coneflower (*Echinacea Angustifolia*) - It has soothing, regenerating properties

Aloe Extract - Soothes damaged, irritated skin. Highly moisturizing. Helps the regenerative process in damaged skin.

pH: 6,5/7,0

After cleansing and tonifying the skin thoroughly, apply HYDRA Comfort Sensitive Mask in a thin layer on face and neck, avoiding eyes contour. Allow it to work for 10/15 minutes.

After that period of time remove any remaining residual of the mask with a wet sponge and rinse with lukewarm water.

SKIN CONDITION

All skin types, particularly suitable for dry and dehydrated.

NOTES

HYDRA Comfort Line includes other two *sensitive* products for a complete and intensive cure: HYDRA Comfort Sensitive Cream and Sensitive Serum (to be used in synergy everyday).

***we suggest to use the Sensitive Mask together with the other two product twice a week.

HYDRA Comfort Anti-age Mask ●●●

Product Line: **Hydra Comfort - Masks** (code V877- C135)

DESCRIPTION

Rich creamy mask with anti-age properties. Improves the natural skin moisture and increases cellular activity, containing a carefully formulated blend of natural moisturizers and conditioners as Wheat Germ Oil. Prevents small wrinkles, fine lines and loss of elasticity thanks to The benefits of Horse Chesnut Extract.

This mask is available in retail size (V877, 50 ml) and cabin size (C135, 250

MAIN ACTIVE AGENTS

Wheat Germ Oil (*Triticum Vulgare*) - This plant protein increases the moisture content of the skin, makes it smooth and soft and provides an comfortable skin feel.

Zinc Oxide - It has an enormous refractive index (ability to bend light). This is why it is the first choice for powerful sunscreens. It has also an soothing and calming effect.

Horse Chesnut Extract (*Aesculus Hyppocastanus*) - This extract has a direct influence on improving the health of veins and capillaries in the skin, which in turn leads to proper circulation and maximum skin functioning. Apart from this, it inhibits collagenase and elastase in the skin and therefore leads to a healthier collagen and supportive skin structure.

pH: 6,5/7,0

USE DIRECTIONS

After cleansing and tonifying the skin thoroughly, apply HYDRA Comfort Anti-age Mask in a thin layer on face and neck , avoiding eyes contour. Allow it to work for 10/15 minutes (in cabin 20 minutes).

After that period of time remove any remaining residual of the mask with a wet sponge and rinse with lukewarm water.

SKIN CONDITION

All skin types, particularly suitable for mature skin (35+ years old).

NOTES

HYDRA Comfort Line includes other two *anti-age* products for a complete and intensive cure: HYDRA Comfort Anti-age Cream and Anti-age Serum (to be used in synergy everyday).

**we suggest to use the Anti-age Mask together with the other two product twice a week.

***Professionally active agents of this mask can penetrate with ionophoresis

Polarity: NEGATIVE, Time: 4/6 minutes

HYDRA Comfort Balance Mask ●●●

Product Line: **Hydra Comfort - Masks** (code V879 - C133)

DESCRIPTION

Rich creamy mask suited for oily skin in presence of sebum over production, dermatitis, or combination skin. Thanks to the presence of high concentrated active agents the product has re-balancing, soothing and normalizing properties.

This mask is available in retail size (V879, 50 ml) and cabin size (C133, 250 ml).

MAIN ACTIVE AGENTS

Wheat Germ Oil (*Triticum Vulgare*) - Moisturizes, improves skin texture.

Soybean Oil (*Glycine Soja*) - Contains essential fatty acids. Has a treating and moisturizing effect.

Sage Extract (*Salvia Officinalis*) - Soothing, healing and some antiseptic properties.

Burdock Extract (*Articum Lappa*) - Calming and smoothing effect.

Lavander Oil (*Lavandula Angustifolia*) - Its powerful antiseptic properties are able to kill many of the common bacteria. It is very useful in the treatment of acne issues, where it also soothes the affected part of the body and can prevent the formation of permanent scar tissue.

pH: 4,6/5,4

USE DIRECTIONS

After cleansing and tonifying the skin thoroughly, apply HYDRA Comfort Balance Mask in a thin layer on face and neck, avoiding eyes contour. Allow it to work for 10/15 minutes (in cabin (20 minutes).

After that period of time remove any remaining residual of the mask with a wet sponge and rinse with lukewarm water.

SKIN CONDITION

All skin types, particularly suitable for dry and dehydrated.

NOTES

HYDRA Comfort Line includes other two *balance* products for a complete and intensive cure: HYDRA Comfort Balance Cream and Balance Serum (to be used in synergy everyday).

***we suggest to use the Anti-age Mask together with the other two product twice a week.

HYDRA Comfort Oxygen Mask ●●●

Product Line: **Hydra Comfort - Professional Masks** (code C137)

DESCRIPTION

HYDRA Comfort Oxygen Mask is a white powder professional cosmetic product. Primarily it is very good as calming mask for all skin types with lenitive and lightening effect thanks to Kaolin powder, aloe and hydrocotyl extracts. If combined with a specific BIOCOMPLEX Lotion it becomes a very good basis to create focused and individual masks for treating different skin problems.

This mask is available in cabin size (C133) of 150 gr.

MAIN ACTIVE AGENTS

Kaolin - White kaolin, also known as China or white clay, is basically kaolinite and is the mildest of all clays. It is suitable for sensitive skin. It helps stimulate circulation to the skin while gently exfoliating and cleansing it. It does not draw oils from the skin and can therefore be used on dry skin types.

Hydrocotyl (*Centella Asiatica*) - Reduces swelling and puffiness, wound healer, has lenitive properties and promotes collagen growth.

Aloe Extract - Soothes damaged, irritated skin. Highly moisturizing. Helps the regenerative process in damaged skin.

USE DIRECTIONS

For soothing treatment: mix 8 ml of water with 15 gr of Oxygen Mask and apply a thin layer on face and neck using a brush.

As a specific mask: mix 6 ml of water and 2 ml of one specific BIOCOMPLEX Lotion with 15 gr of Oxygen Mask. Apply a thin layer on face and neck using a brush.

Allow it to work for 15/20 minutes, then remove the mask with a wet sponge and lukewarm water.

SKIN CONDITION

All skin types.

NOTES

***Kaolin increase the temperature of skin and helps the vehiculation of active agents.
