

Hydra Comfort Couperose Milk

Product Line: **Hydra Comfort Couperose line** (code V817 - C817)

DESCRIPTION

Gentle cleansing milk specific for sensitive skin prone to couperose problems. It helps reduce reddening and visible vein on skin surface. The daily use of HYDRA Couperose Milk as support for the other products included into HYDRA Comfort Couperose line, helps stimulate the micro blood circulation and the collagen production.

This product is available in retail size (V817, 200 ml) and cabin size (C817, 500 ml).

MAIN ACTIVE AGENTS

Soybean Oil (*Glycine Soja Oil*) - This oil has a regenerative effect on the cutaneous tissues due to the presence of unsaturated fatty acids, and therefore enhances local circulation in the area treated to bring about revitalization of the dermis.

Hydrogenated Palm Oil - This high quality oil is far superior to other vegetable oils. It is a very good skin conditioner. It cleanses gently and is particularly well tolerated by the skin.

Butcher's broom Root Extract (*Ruscus Aculeatus*) - It acts mainly on the microcirculation, decreasing capillary permeability due to its content of a flavonoid called Rutin. The therapeutic properties of this plant are to increase circulation, reduce edema, reduce swelling and to act as an anti-inflammatory.

pH: 6,0/7,0

USE DIRECTIONS

For daily cleansing of very delicate skin, simply distribute HYDRA Couperose Milk on face, eye area, neck and décolleté with delicate circular movements and remove with a cotton pad. Then apply HYDRA Couperose Tonic in order to balance the pH level.

SKIN CONDITION

This product is suitable especially for delicate and alipidic tissues with couperose problems as visible capillaries and reddening.

NOTES

It is advisable to use product in synergy with the other Couperose line products.

Hydra Comfort Couperose Tonic ●●●●

Product Line: **Hydra Comfort Couperose line** (code V818 - C818)

DESCRIPTION

NOTES

It is advisable to use product in synergy with the other Couperose line products.

Hydra Comfort Couperose Cream ●●●●

Product Line: **Hydra Comfort Couperose line** (code V815 - C815)

DESCRIPTION

This special cream is suited for alipidic, very sensitive skin with couperose problems. It has high moisturizing, calming and nourishing properties. It is also an excellent protector thanks to the presence of Rice Bran Oil. It provides an immediate clearing and soothing action with a pleasant comfortable sensation.

This product is available in retail size (V815, 50 ml) and cabin size (C815, 250 ml).

MAIN ACTIVE AGENTS

Rice Bran Oil (*Oriza Sativa*)- With its natural antioxidants and phytosterols is a very potent skin protectant. Its antioxidant properties also comes from hundreds of vitamins and minerals produced in the rice bran oil. It is very rich in Vitamins B and natural minerals so its ability to protect the skin against premature aging, dehydration and oxidation, and maintaining Ph balance is exemplary.

Butcher's broom extract (*Ruscus Aculeatus*) Butchersbroom extract acts mainly on the microcirculation, decreasing capillary permeability due to its content of a flavonoid called Rutin. The therapeutic properties of this plant are to increase circulation, reduce edema, reduce swelling and to act as an anti-inflammatory.

pH: 6,0/7,0

USE DIRECTIONS

Hydra Comfort Couperose Cream is a very light and delicate cream for very sensitive skin.

Apply a small amount of cream on your fingertips and gently massage into the area until it will be completely adsorbed. This product can be applied every day in the morning for protecting the skin, before the make up as well. If desired, it can be applied in the evening.

SKIN CONDITION

This product is suitable especially for delicate and alipidic tissues with couperose problems as visible capillaries and reddening.

NOTES

It is advisable to use product in synergy with the other Couperose line products. Couperose Milk and Tonic for the cleansing action, and Couperose gel alternatively to the cream, or together.

Hydra Comfort Couperose Gel ●●●●

Product Line: **Hydra Comfort Couperose line** (code V816 - C816)

DESCRIPTION

Night and day light gel for intensive treatment of sensitive skin in presence of couperose. The active agents help the production of collagen and stimulate micro blood circulation.

This product is available in retail size (V816, 30 ml) and cabin size (C816, 250 ml).

MAIN ACTIVE AGENTS

Horsetail Extract (*Equisetum arvense*) - It is high in vegetal silica and has diuretic, astringent and wound healing properties and is useful for improving circulation, as well as boosting and rejuvenating the connective tissue - the foundation of your skin.

Bilberry Extract (*Vaccinium Myrtillus*) - This extract has been shown to possess strong antioxidant properties, stabilize collagen fibers and promote collagen biosynthesis, decrease capillary permeability and fragility.

Butcher's broom extract (*Ruscus Aculeatus*) Butchersbroom extract acts mainly on the microcirculation, decreasing capillary permeability due to its content of a flavonoid called Rutin. The therapeutic properties of this plant are to increase circulation, reduce edema, reduce swelling and to act as an anti-inflammatory
pH: 6,0/7,0

Apply a small amount of gel on your face, neck and décolleé and gently massage with ou fingertips until it will be completely adsorbed. This product can be applied every day in the morning for protecting the skin, before the make up as well. If desired, it can be applied in the evening.

HYDRA Couperose Mask

Product Line: **Hydra Comfort - Professional Masks (C130)**

DESCRIPTION

Professional creamy mask suited for alipidic, very delicate skin with problems of couperose. Is very rich of natural extracts, as rice starch, with high moisturizing, toning and nourishing properties. It is also an excellent protector thanks to the presence of beeswax. Provides an immediate calming and soothing effect with a pleasant comfortable sensation.

This mask is available in cabin size (C130) of 250 ml.

MAIN ACTIVE AGENTS

Rice Starch (*Oryza Sativa*) - Soothing, conditioning.
Beeswax (*Cera Alba*) - Softening, protecting. Antiseptic.
Sweet Almond Oil (*Prunus Dulcis*) - Moisturizing, smoothing.
Wheat Germ Oil (*Triticum Vulgare*) - Moisturizes, improves skin texture.
Matricaria Extract (*Chamomila Recutita*) Calms and soothes irritated skin
Hazel Nut Extract (*Corylus Avellana*) - Astringent and toning.
Wich Hazel Extract (*Hammamelis Virginiana*) - This extract has astringent and soothing properties and is mildly anti-inflammatory.
Walnut Leaf Extract (*Junglas Regia*) - Astringent and conditioning.
Rhatany Extract (*Krameria Triandra*) - Powerful astringent.
Tormentil Extract (*Potentilla Erecta*) - Calming and soothing.
Oak Bark Extract (*Quercus Robur*) with soothing and protecting.

USE DIRECTIONS

After cleansing and tonifying the skin with Couperose Milk and Tonic, apply HYDRA Comfort Couperose Mask in a thin layer on face and neck, avoiding eyes contour. Allow it to work for 15/20 minutes. After that period of time remove any remaining residual of the mask with a wet sponge and rinse with lukewarm water.

SKIN CONDITION

Very delicate skin, prone to couperose, visible veins and reddening.
