PUREmed Caomomille Paste ●●●●●

Product Line: PUREmed Line (code V704, C704)

DESCRIPTION

This white soft paste has an antibacterial and soothing effect. It is rich in the same natural extracts as the other product of PURE med Line, with two more precious active agents: Chamomile Oil (with soothing properties) and Zinc oxide. Zinc oxide, is its major ingredient and fights harmful bacteria, blemishes, impurities and help clean and clear the skin. After only a few applications this paste will dry up zits and pimples providing the skin with a clear complexion.

This product is available only in the size of 30 ml.

MAIN ACTIVE AGENTS

Zinc Oxide - Zinc reduces itch and inflammation and also has the ability to decrease the impact of topical toxins or irritants. It is a whitening agent and it is also found within sunscreens because of its impressive capability to block UV light. It has also an soothing and calming effect.

Chamomile Oil (*Anthemis Nobilis*) - Also known as Roman Chamomile. Renowned since ancient times for its healing powers, it has calming, freshening properties. It is known to remove impurities and has anti-wrinkle properties. Helps to relieve dryness and, rich in vitamin B, speeds up the growth of healthy new skin tissue. Excellent for sensitive skin.

pH: 5,4/5,9

USE DIRECTIONS

Apply on face, neck and décolleté, if necessary also on the back, in the evenings after cleansing and toning, massage gently.

SKIN CONDITION

Particularly suitable for acneic skin.
