BIOCOMPLEX puremed fluid

Product Line: **BIOCOMPLEX** (code C705)

DESCRIPTION

PUREmed Fluid is a antiseptic lotion, specific for acne and comedonic skin. Scientifically formulated and rich in natural extract is very effective for oxygenating the cells of affected areas, stimulating the body's natural healing response to acne and, as result, improving the appearance of the skin. It quickly absorbs into skin and delivers instant support directly to blemished parts, soothing and disinfecting the tissue.

This product is available in retail size - PUREmed line (V705, 10 ml) and cabin size - BIOCOMPLEX Line (C705, 30 ml).

MAIN ACTIVE AGENTS

Laminaria Saccharina Extract - It helps balance the pH level and regulate the overproduction of sebum.

Burdock Extract (*Articum Lappa*) Calming and smoothing effect.

Arichoke extract (*Cynara Scolymus*) Very good moisturizer and emollient ingredient

Lavender Extract (*Lavandula Angustifolia*) It has powerful antiseptic properties.

Red Poppy Extract (*Papaver Rhoeas*) It has emollient, soothing action on the skin. The aqueous extracts of the plant exhibit antibiotic activity.

Plantain Extract (*Plantago Major*) - Possesses bactericidal, healing, deodorizing and anti-inflammatory properties.

Musk Rose Extract (*Rosa Moschata*) - It has an astringent and toning effect on the skin.

Dandelion Extract (*Taraxacum Officinale*) - It is reputed to be used as a tonic for skin and in toners for inflamed skin.

USE DIRECTIONS

In cabin, after an accurate cleansing, apply some drops of the product on face especially on the affected areas, and gently tap with fingertips until complete absorption.

SKIN CONDITION

Particularly suitable for oily skin prone to acne, or skin affected by acne.

NOTES

In cabin this lotion can penetrate with ionophoresis:

Polarity: NEGATIVE

Time: 4/6 minutes

BIOCOMPLEX Moisturizing Oil

Product Line: **BIOCOMPLEX** (code C416)

DESCRIPTION

Moisturizing oil formulated with a mild blend of natural softening and conditioning oils, as sweet almond and corn oil. It is an excellent product for finishing a beauty treatment with a gentle massage. It makes skin soft, moisturized and silky.

Available in ampoule of 30 ml.

MAIN ACTIVE AGENTS

Soybean Oil (*Glycine Soja*) - It has a regenerative effect on the cutaneous tissues and enhances local circulation in the area treated to bring about revitalization of the dermis.

Sweet Almond Oil (*Prunus Amygdalus Dulcis*) - It moisturizes, smoothes dry skin and helps soothe irritated skin.

Jjoba Seed Oil (*Simmondsia Chinensis*) - It has moisturizing and emollient (skin softening) effects.

Corn Oil (*Zea Mays*) - Moisturizing and soothing effects. It delivers elasticity to skin.

Aloe Leaf Extract (*Aloe Barbadensis*) - Highly moisturizing. Helps the regenerative process in damaged skin.

pH:5,00

USE DIRECTIONS

After a specific treatment - for instance Hydra Comfort Moisturizing treatment - apply some drops of the product on face and massage for some minutes. Remove gently the oily residuals using a cotton pad.

SKIN CONDITION

All skin types. Particularly suitable for dry skin.

NOTES

This oil can penetrate with ionophoresis:

Polarity: **NEGATIVE**

Time: 4/6 minutes

BIOCOMPLEX Anti-age Oil

Product Line: **BIOCOMPLEX** (code C417)

DESCRIPTION

Special massage oil formulated for taking care of mature skin. The natural extracts and oils contained in its rich formula have a regenerative, nourishing and protectant action, in particular on mature skin.

Available in ampoule of 30 ml.

MAIN ACTIVE AGENTS

Soybean Oil (*Glycine Soja*) - It has a regenerative effect on the cutaneous tissues and enhances local circulation in the area treated to bring about revitalization of the dermis.

Rice Bran Oil (*Oryza Sativa Extract*) - With its natural antioxidants and phytosterols is a very potent skin protectant. It is very rich in Vitamins B and natural minerals so it has excellent ability to protect the skin against premature aging, dehydration and oxidation, and maintaining Ph balance is exemplary.

pH:5,00

USE DIRECTIONS
